

RTMS Journey

**David Nyathi & Byron
20 February 2019**

Air Products Internal Use Only

1. Introduction

Air Products South Africa - Air Products South Africa manufactures, supplies and distributes a wide variety of industrial and specialty gas products to the Southern African region. Founded in 1969.

We believe

- Nothing is more important than safety...
not production, not sales, not profits

2. RTMS Implementation

- RTMS project issued to Technical Department
- Introduction of RTMS to AP executives by Crickmay and go ahead
- A copy of SANS 1395:2014 purchased from SABS
- RTMS representatives appointed – Byron Ah Tow (Bulk distribution) and others
- Project meetings: reviewing SANS1395:2014 VS AP systems (compliance to RTMS standard)
- Improving and implementation systems to comply to RTMS
- Internal Audit
- External Audit Stage 1 (JC Auditors), NCs raised and were closed
- External Audit Stage 2 (JC) Auditors), 2xNCs raised and closed within 60 days.
- **RTMS Certified (Air Products Vanderbilpark only)**
- **Other facilities still in progress**

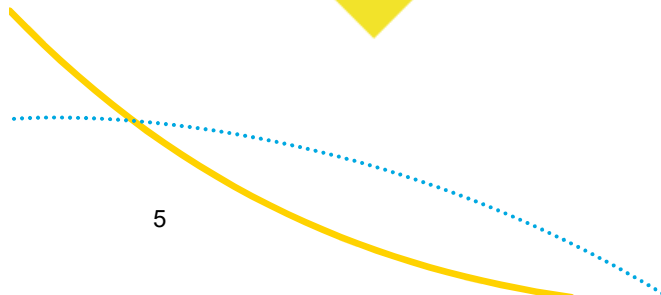

3. Challenges & Compliance

- Air products has already been compliant to the requirements set by RTMS, just a few minor adjustments.
- Speed limit (90km max)  (80km, max 85km for a period of 2 minutes)
- Trailer Services intervals
- Overloading & Under Loading
- Driver wellness
- Axle weighbridge in progress

4. Difference since RTMS process

- Managing Overloads & under Loading more actively and affectively
- Amendment of Trailer services intervals
- Drivers accountable for speeding and traffic infringements
- Driver wellness (Posters)
- RTMS Quarterly review
- RTMS certified 31 January 2019
