Transport Industry

The transport and logistics sector within KZN is a large contributor to GDP and plays a significant role in the growth of the provincial economy, we at Standard recognise this and we support the industry from a financial, legislation, regulation & transport standards side of the business.

The RTMS standard is incorporated in the Department of Transport's National Freight Strategy as self-regulation and performance based standards.

We at Standard Bank therefore commend the RTMS team for their excellent work in driving the industry standards.

THANK YOU
